Please attend if you are able and share with your colleagues.

4. Spring CLE Event

Paul De Young and Judge Williams discussed the possibility of a wellness CLE. The library fund could be used to bring in a speaker for this. This CLE could include resources for lawyers regarding stress relief, substance abuse, civility towards opposing counsel, not taking stress home, etc. Additionally, the option of an ethics CLE was discussed, but preference is that wellness and ethics should be separate events. An hour would be the ideal length of time for maximum attendance at a wellness CLE. Committee agreed to explore wellness CLE and suggested additional work on this be completed via email, since the next committee meeting is scheduled for May of 2024.

5. Coordination with the ISBA

The committee has responded very favorably to Ethan Olson's inquiry, and it is likely that he will have additional information down the road. The committee is willing to help when the ISBA reaches out.

5. Other business

If committee members could start thinking about CLE topics that would be helpful for the Federal Practice Seminar and/or an event in the Spring, that would be appreciated. Reach out to Jeana Goosman or Paul De Young if you wish to share ideas before the next meeting in November. Additionally, Ethan mentioned that the ISBA is interested in partnering with the committee for CLEs as well.

2. Motion to approve May 4, 2022 minutes

Motion to approve minutes from May 4, 2022 was made and approved

3. Upcoming CLE: Federal Practice Seminar December 16, 2022

This will be a live webinar. Sessions include an Article III panel, presentation by Judge Kelly, panel discussion with Judge Roberts, election law, magistrate session, human trafficking, and jury selection bias. A total of 6.75 CLE will be available. Committee members are encouraged to promote this event to attorneys or anyone else who would be interested.

4. Potential Spring/Early Summer CLE. POWER Act responsibilities fall on the Northern District of Iowa this year.

The committee is still considering dates, but still need to fall within Fiscal Year 2023. Paul De Young will provide some date options and will shoot for the Spring. It was discussed that it should be a hybrid with both in-person and online options to attend. The need for a Native American component was discussed and possible contacts were considered. Judge Williams discussed the conference that was held in South Dakota, as there were justices who discussed the Native American system. Reaching out to whomever organized that conference may be beneficial. Additionally, attendants may be interested in hearing about the Supreme Court decision in Oklahoma regarding the opioid settlement and the huge ramifications expected from that decision. Jeana will reach out to Judge Johnson in her office. The previous event was online and had over 100 participants.

5. Biannual scheduled meetings, rather than quarterly scheduled meetings

It was suggested to schedule biannual meetings instead of quarterly. Additional meetings could be added if needed. A motion was made to the committee and passed.

6. Terms of Federal Practice Committee members

A chart of members and their terms of service has been forwarded to committee members.

Jeana Goosman confirmed her term would run until 2024. Shelby Mars, Ethan Olson, and Brad Price all agreed to a second term on the committee. Pat Parry agreed to a third term.

Committee members are encouraged to forward recommendations for future members to Paul De Young, who will forward them to Judge Williams and Judge Strand.

It was noted that this committee is not actually responsible for CLEs, that typically falls to the Iowa State Bar Association, and that it's more important to focus on the POWER Act and keeping communication open between attorneys, judges, marshals, etc. Additionally, if you hear concerns about Iowa Northern, you are encouraged to reach out to the committee and/or judges.

Attendees:

1. Introductions

2. Motion to approve November 3, 2021 minutes

Motion to approve minutes from November 3, 2021 was made and approved

3. Update regarding the 2022 USAO/FPC CLE on Federal Affirmative Civil Enforcement (ISBA Federal Practice Committee will co-host this free CLE on August 18) (Melissa Carrington/Shelby Mars)

The date of the CLE, August 18, 2022, has been confirmed. Shelby Mars and Melissa Carrington are working to finalize speakers and approve the agenda. They will circulate the agenda when it is finalized. The ISBA would like to collaborate. The event will be free of charge.

4. Update regarding the joint letter from the Federal Practice Committee and the Iowa State Bar Association to Senator Grassley and Senator Ernst

Jeana Goosmann reported that David Brown joined the last ISBA group call concerning what might be done to obtain an additional judgeship in the Northern District of Iowa. Mr. Brown said that, instead of sending a letter, it might be better to rely on individuals that have connections to the Senators' offices. He offered to reach out and present the information and data included in the drafted letter. He indicated that approval and funding for the DSM courthouse was obtained after sharing information and discussing concerns with Congressional members and/or staff.

Jeana indicated that she would continue to work with the ISBA, monitor progress and follow up with Mr. Brown. Depending on the feedback Mr. Brown provides her, Jeana is hopeful that a meeting with ISBA members, committee members and Congressional members and/or staff could be scheduled.

The committee agreed that having Mr. Brown reach out to his contact(s) appeared prudent. The draft letter will be held until further information is obtained.

5. Potential Fall CLE

The ISBA Federal Practice Committee has several CLE programs that run from June through the fall. It would be difficult to come up with any additional program topics on top of what is already being offered. Given the federal practice series of CLEs that the ISBA is offering and the August CLE that the Northern District of Iowa is co-hosting, the committee agreed that a Fall CLE is not needed.

6. Other business

Brad Price provided an update regarding the subcommittee that is focused on supervised release violation discovery issues. According to the FPD's Office and the Probation Office, the current practice is that discovery issues should be addressed on a case-by-case basis and through motion practice. He is looking to set up an in-person meeting in the Northern District of Iowa for people on all sides of the issue to come up with a collaborative approach that provides guidance and reduces litigation. He hopes to have a meeting by early summer, depending on scheduling availability.

Allison Guernsey added that she has been doing research on a national level, including a survey she conducted in December and January. She has found that most districts have similar frustrations and have no guidance or policies in place. The exception was the Western District of North Carolina. She will forward its Memo of Understanding to the committee.

Meeting was held via phone conference due to COVID-19 Virus.

Attendees:

Attendees: Jeana Goosmann, Chair, Judge Williams, Brad Price, Patrick Parry, Ethan Olson, Paul Gamez, Alison Guernsey, Shelby Mars, Ashley Corkery, Robert Phelps, Paul De Young, Emma Barden, Cathy May

1. Introductions

No new members to introduce

2. Motion to approve August 4, 2021 minutes

Motion to approve minutes from August 4, 2021 was made and approved.

3. Joint CLE on USAO affirmative civil enforcement (Melissa Carrington/Shelby Mars)

Shelby Mars indicated that the CLE will take place in either March or April of 2022. Next step is to coordinate dates and reserve jury assembly. Clerk's Office and CLE presenters will finalize a date and time. Rob Phelps suggested that video conference to include Sioux City and/or Southern District can be arranged if desired. Shelby mentioned that a title or description has not been finalized at this time. Whistleblower, Civil/Medicare fraud have been pitched, but that does not cover the entire scope. A more accurate title/description might attract more participants.

4. CJA Second Chair Program Update

Two more people have been recently added to the training panel in Cedar Rapids.

5. Update on PSR/Discovery issues in criminal cases (Brad Price)

Brad Price:

Is currently forming a subcommittee. Current members include Brad Price, Alison Guernsey and Brad Hansen. Is reaching out to probation to have someone from its office be on the subcommittee. Asked for ideas as to avenues for people outside of FPC to disseminate ideas or comments to the subcommittee. Suggestions included coordinate with the ISBA for their ListServ, Brad's email address, reaching out to Mike Lahammer (point of contact for the CJA panel), as well as Harry Shipley, who is the assistant director of ISBA and might be a good contact. Brad Price will reach out to these possible resources.

6. Other Business

Jeana Goosmann:

What is status of court, especially given pandemic? Are cases backlogged, are judges feeling overwhelmed are there bottlenecks, etc?

Judge Williams:

Our court is not backlogged or delayed. The court is very busy given the number of judges in the Northern District of Iowa and the number of new cases being filed. There is nothing on the CJRA list, which indicates the judges are addressing cases and motions in a timely manner. The Northern District of Iowa is ranked high in productivity amongst all courts across the country, even thru the pandemic. Stated it would be helpful if anyone wanted to contact their Congressperson regarding adding an additional judgeship to the Northern District of Iowa, but otherwise things are going well.

Rob Phelps:

Judicial Conference approved a second district judge in CR location, so we are trying to get senators excited about supporting the addition of another judgeship. It is a very long and slow process.

Jeana Goosmann brought up the idea of the committee leading a campaign regarding this issue. The committee could draft/issue a letter and/or reach out to attorneys recommending that they contact Senators and Representatives. Sometimes lawyers just don't know what the status of these things are.

Judge Williams did not think a campaign would be inappropriate. Judges have already reached out, and the USAO has weighed in as well. There are two bills currently in Congress: one explicitly recommends an additional judge for Iowa Northern, and one does not. This is the closest we have ever been to getting it through, however it is still an uphill battle. It has been over 20 years since Congress has approved any new judgeships.

Rob Phelps:

Will send out info from 8th Circuit Conference. There is a standard and by that standard, Cedar Rapids is overworked. There is about 60/40 split between Cedar Rapids and Sioux City, which is why the additional judge would be in Cedar Rapids. There is absolutely no timeline for either bill. It is purely political at this point. There has been a steady climb in caseload, and case numbers are projected to continue to remain steady and/or increase. Unique to this district is that we are very heavy in criminal cases which is more of a burden because of the pace.

Ashely Corkery:

When the administration in Washington DC changes, the USAO gets new guidelines, which shifts priorities, but not the caseload.

Jeana Goosmann:

Put forth a formal motion to draft and circulate a letter among the committee in support of legislation that would add an additional judge in Cedar Rapids. All in favor. Motion passed.

Shelby Mars and Brad Price will help with the drafting of the letter.

Meeting adjourned at 12:36 pm.

4. CJA Second Chair Program Update

Judge Williams:

No updates, but it has been a while since he has been in touch with Brad Hanson. Judge Williams asked Rob Phelps to reach out to Brad Hanson. (E-mail from Brad Hanson attached).

5. CLE Future September 22, 2021 – Federal Practice Primer

Paul De Young:

This will be a nuts and bolts for new attorneys and a refresher for experienced attorneys. It is planned for 8am-12:30pm. Southern District is giving a virtual tour regarding what attorneys might encounter; Northern District will do the same. FAQs handout will be provided to attorneys. Brad Hanson will be giving a presentation regarding the CJA panels and how to get on them. Other presenters will address how to get on to prisoner 1983 cases, federal court technology, PACER, CM-ECF, filing under seal, jury evidence recording system, and differences between state and federal practice. It will be a virtual event. Attorneys can sign up through the ISBA.

Iowa State Bar Association is sponsoring this event, but judges and court personnel from the Northern and Southern districts are heavily involved. Judge Mahoney is taking the lead for the Northern District.

2022 – Possible CLE on Federal Civil Enforcement with USAO

Shelby Mars:

Met with Melissa Corrington, AUSA . She is looking to set up more CLE for federal practice, causes of action, etc. Shelby mentioned whistleblower claims, Medicare fraud, other types of fraud, anything that the USA might get involved with. The USAO is trying to educate attorneys as to what the USAO does and how its work intersects with the bar and civil causes of action that attorneys might file. USAO is willing to do the leg work, prepare presentation, and would like to make use of the courthouses and the court's email lists. There is no firm date yet. COVID will affect dates and the platform. Zoom may be a possibility.

6. New Business

Brad Price:

Criminal cases: USAO's position is that PSRs can't go to defendants in jail but practically speaking, defense counsel really needs to spend as much time with PSRs as possible.

Ashely Corkery:

USAO's position for PSRs is that defense counsel send them into the jails and have defendants review before meeting with them, but they are considered contraband by the BOP and USAO does not want defendants taking them into the BOP; could be an ongoing discussion.

Brad Price:

Supervised Release violation cases very often address substance abuse issues and there are records associated with substance abuse (in CR – Pathways) that reference these violations. However, when counsel tries to obtain these records, probation takes the position that it is a HIPPA violation and the USAO does not need the information. But, this puts the parties in a difficult position because the court is looking at the record but neither party can review what the record. Could this be part of discovery review?

Alison Guernsey:

Echos Brad's comments: Discovery policy would make the violation process much more efficient and would save time/energy

Judge Williams:

Maybe a subcommittee could be formed and then probation could be contacted to find a solution. Brad was volunteered by Judge Williams to form a subcommittee. He will reach out to other committee members. Rob offered to assist with organization. It was suggested that Brad Hansen should also be involved in the subcommittee.

7. Next meeting: November 3, 2021

MEETING ADJOURNED AT 12:29 PM

FEDERAL PRACTICE COMMITTEE

1. Motion to approve May 6, 2020 minutes

The May 6, 2020 meeting minutes were approved.

2. Update on CJA Second Chair Training from Federal Public Defender

Rob Phelps mentioned that the Federal Public Defender's office was in the process of putting together a program for Cedar Rapids and Sioux City. Rob asked if anyone had an update of the status of the programs after the appointment of Brad Hansen.

Judge Williams explained that he reminded Brad of the project and stressed the high importance of it. Judge Williams said that he has not been provided an update.

Rob Phelps will contact Brad Hansen for an update and report back to the committee.

3. CARES Act Training in 2020

Judge Williams updated committee members that, although the court was ready to conduct a jury trial in June, the first jury trial post pandemic will occur on August 10, 2020 in Sioux City. This is a civil trial concerning excessive use of force. Judge Williams said that the topics discussed during the one-hour Practicing in a Pandemic CLE held in May will be put into practice during the trial.

Judge Williams said that there will be another civil trial in Cedar Rapids the week of August 17, 2020 that also concerns the excessive use of force.

4. Future CLEs

Rob Phelps reminded committee members that the Northern District is responsible for coordinating a POWER Act presentation this year.

Paul DeYoung mentioned that he has been in contact with Brynn Howard from Iowa Legal Aid and Gia Aitkens from RISE of the Meskwaki Nation. Paul said both groups are on board to participate and help coordinate.

Paul DeYoung additionally mentioned that the event would include presentations from Judge Mahoney and Tribal Judge Maurice Johnson.

Tim Hill informed committee members that the ISBA is hosting a fundamentals seminar on October 6, 2020 that would provide a wider audience. Tim gave another option of combining the CLE presentation with the ISBA Federal Practice Seminar on December 11, 2020.

Judge Mahoney offered to provide Paul DeYoung with contact information to determine the possibility of combining the CLE with the other meetings because the POWER Act is a Northern District and Southern District event. Paul will confirm whether the agendas for the ISBA events are set and if we can participate in either of them.

Jeana Goosmann asked for input on having an additional CLE this year. This would be a virtual event as all in person CLEs have been suspended for 2020.

Tim Hill said that he has the outlines for the NDIA CLE originally planned for May where the presentation focus was legal and ethical issues that are faced in civil and criminal case practice areas. Tim suggested preparing the same presentation and including follow up from the one-hour CLE held in May, covering best practices during the pandemic, as well as the two civil trials in August. Previously, Tim had lined up Jeana Goosmann (moderator), Judge Roberts, Fran Haas, Justin Lightfoot and John Gray as speakers.

Judge Williams agreed to give an update on the jury trials, lessons learned, and changes made. Judge Roberts recommitted to participating. Tim will connect with the other speakers regarding criminal case presentation from Justin Lightfoot and panel discussion with Judge Roberts, John Gray, Fran Haas and Jeana Goosmann.

Committee members agreed to proceed with the event virtually. Committee members selected October 22, 2020 as the date to hold the CLE event.

5. Other Discussion

Jeana Goosmann inquired about filings during the pandemic.

Judge Williams said there have been a lot of pro se filings for compassionate release and criminal and civil proceedings have held steady.

May 6, 2020 at 12:00 PM

Meeting was held via phone conference due to COVID-19 Virus.

Attendees:

Jeana Goosmann, chair, Judge Williams, Judge Roberts, Tim Hill, Justin Lightfoot, Pat Parry, Stu Cochrane, Robert Phelps and Paul DeYoung.

1. Motion to approve February 5, 2020 minutes

The February 5, 2020 meeting minutes were approved.

2. POWER ACT presentation by Northern District of Iowa, June 24, 2020 at ISBA Annual Meeting

The CLE Director reached out to see if the Northern District could put a webinar presentation together for the month of August or September due to the COVID-19 Virus.

Jeana Goosmann mentioned Judge Mahoney offered to present.

Paul DeYoung explained he reached out to Bren Howard from Iowa Legal Aid to get her on board to help coordinate. Bren is the new manager of the Volunteer Lawyers Project. Paul was made aware of the requirement to have tribal representation on a bi-annual basis. Paul has been trying to contact a representative from Iowa Legal Aid or one of the tribes but has not been successful. Paul mentioned Chad Freese as a contact from tribal court. Paul has been working with Judge Mahoney to contact a victim coordinator or tribal judge.

Jeana offered to connect Paul with Tribal Judge Maurice Johnson. Justin Lightfoot also shared Lisa Williams as a contact.

3. CLE – Possible NDIA CLE on Thursday, May 21, 2020 at 4:00 PM

Jeana asked Committee members for input on postponing the NDIA CLE due to COVID-19 restrictions.

Committee members discussed options on holding the CLE and allowing time for advertising. One of the recommendations was to plan the event for September.

Tim Hill reminded Committee members there is a co-presentation with the Federal Practice Committee and Historical Society for the release of the History Book, also scheduled for September. Tim raised the question of which event was more pressing.

Judge Williams said he has is not aware of the History Book being published and it may be postponed due to the virus. Publication may not occur until late fall to 2021. Judge Williams suggested moving forward with the CLE in September and mentioned scheduling the courtrooms in a way to help allow for social distancing.

Rob Phelps reached out to Hilary prior to the meeting, requesting a status update on the History Book. The History Book will probably go to publisher in July.

Tim asked for input on focusing the presentation on best practices in front of court considering social distancing requirements. Tim suggested working with the Northern District's IT staff on the most effective way to run hearings with currently software capabilities.

Judge Williams provided the following information on hearings: civil cases are all done telephonically, and civil trials have been continued with the goal of trying cases beginning June 1. Northern District is currently developing ways for hearings to occur remotely. The CARES Act permits flexibility for hearings. Sentencing and revocation hearings are primarily done live. Lawyers are appearing remotely with defendant consent. The witness box has been moved to provide distance from the court reporter.

Judge Williams added to Tim's recommendation, the CLE presentation is a remote learning opportunity to promote how we conduct jury trials. It would also be an opportunity to allow input on improvements to currently procedures. Judge Williams posed the question of putting together a CLE presentation for the third week of May using a platform such as Zoom and making the plan available to participants in advance to allow input and recommendations.

Rob offered to host at the Cedar Rapids Federal Courthouse. Rob said he would follow up with IT staff to see what platform would work best to host. Rob will also put together a draft agenda and announcement for the webinar and send out to Committee members for review.

Judge Williams suggested holding the CLE event on May 21 at 4:00 p.m., as originally scheduled, to allow time to review the input, recommendations and potential implementation of new ideas before the jury trials open on June 1.

Rob said the draft plans could be emailed out to the entire bar.

Judge Roberts suggested adding to the presentation to ask for input on how the civil attorneys are using technology to overcome obstacles with the COVID-19 Virus.

Judge Williams gave the example of attorneys and prisoners using technology to review discovery, and Judge Williams and Judge Roberts offered to co-present.

Judge Williams added he is of the understanding there is a 90-day window once the editing is done. Judge Williams said his best guess for publication is May 2020.

Tim suggested putting together a joint CLE event with the Historical Society and Federal Practice Committee in the fall. Presentation focus would be high points and practice tips over time.

Tim mentioned he completed an oral history with Jim Hodges and it was a very worth while experience. Jim Hodges discussed practice styles and trends and it was a very interesting exercise.

Judge Williams suggested planning the CLE event for September.

Rob added the preliminary designs for the History Center may be available to share by September.

2. CJA Plan by the FPD

The committee discussed Jim Whalen's retirement in 2020.

3. Membership

Rich mentioned his term may be expiring in August 2019. Rich asked staff to check the By-Laws to determine the term of service of members, as he may not be eligible to serve another term. Rich nominated Justin Lightfoot from the US Attorney's office and said he would provide a nomination from Sioux City if needed.

Rob said he would check on the term of service for members, and suggested Judge Williams and Judge Mahoney may want to have discussion with Judge Strand and Judge Roberts on adding new members to the committee. Judge Williams said he would follow up.

4. CLE

Tim reported a tentative date for the CLE event scheduled for October 24 at 4:00 PM, for both Cedar Rapids and Sioux City, with locations to follow.

Tim mentioned the program includes a one-hour presentation by Judge Williams, Judge Strand and Tim, on the reduction of jury trials over time with more decisions decided by judges and dispositive motions. Tim mentioned his portion of the presentation will supplement with statistics from the Historical Society book.

Judge Williams said he gave a similar presentation to the Linn County Bar Association based on a law review article. The presentation was well received, and Judge Strand is aware.

Tim informed Judge Williams the Iowa State Bar Association Federal Practice Committee would like to get input from Judge Williams and Judge Strand on this topic.

Rob said he would work with Tim to secure a facility to hold the CLE event, and get an email sent out to the federal bar.

Tim mentioned the abolition of Federal CLE's might be related to the significant decrease in attendees. Hearing from judges on best practices will be a big draw.

Tim additionally notified the group of the potential ask to extend the time of panels to 90 minutes and adding breakout sessions with judges for this CLE.

5. POWER Act Activity in 2020

Rob mentioned Judge Bremmer's leadership in the Iowa State Bar CLE event on pro bono representation and domestic violence, and the possibility to repeat for 2020. Rob said he will send out reports filed to see if the group wants to duplicate.

Tim said he was present for the CLE event that included ethical rules on limited appearances and a volunteer lawyer project presentation.

Judge Williams spoke about a pilot project with the Iowa Bar Association and he may ask for assistance from members to develop questions. Judge Williams explained the pilot project is based on a Law-Bee idea to learn about the law. The idea came from a Brain-Bee sponsored by the Iowa Neurology Department. Contestants will go through a test and national competition. Judge Williams noted the Law Bee will tentatively take place during the spring state mock trial competition for high school students in March 2020.

Judge Williams said this competition would require hundreds of questions and answers being developed. Once created, the questions and answers would have to be vetted to determine if the law is accurate. The top 20 contestants would be required to answer the questions to advance.

FEDERAL PRACTICE COMMITTEE
United States District Court, Northern District of Iowa
Meeting Minutes

May 1, 2019, at Noon

Attendees:

Tim Hill, Jeana Goosmann, chair (via phone), Fran Haas (via phone), John Gray (via phone), Rich Murphy (via phone), Mark Roberts, Judge Williams, Judge Mahoney (via phone), Pat Parry (via phone), Stu Cochrane (via phone), Mark Zaiger (via phone), Robert Phelps, and Paul De Young

1. Introductions were made

New board member Mark Zaiger introduced himself as an attorney for Shuttleworth Law practicing mainly in civil litigation.

Rob Phelps announced that the other new board member Paul Gamez was not able to attend the board meeting today due to trial. Introductions will be made during the next meeting.

2. Motion to approve March 2019 minutes

The February 6, 2019 meeting minutes were approved.

3. Federal Public Defender progress on CJA Training Plan

Jim Whalen led discussion on Federal Public Defender progress on the Criminal Justice Act (CJA) Training Plan. Main initiatives are to put together a noninstitutional structure proposal for an attorney training panel in Cedar Rapids, increase the number of panel attorneys to have a system in place to fill open slots as caseloads increase or retirements take place, and increase female, minority and young panel membership. The proposal is in the process of being modified from a flat rate to a rate based on percentage.

Jim noted in 2018, there were 25 members on the panel and today there are 19, due to retirements and one death. There is only one woman on the panel and virtually no women on any of the panels throughout the state, no minorities and no attorneys from Waterloo or Black Hawk County. There needs to be a system in place to address the aging panel members.

Jim added the CJA wants to do away with the old boy system of recruitment to the panel and address the shortage of qualified panelists. Previously members were appointed to the panel by knowing someone. Things started to change in 2012, when the Des Moines panel in SDIA was cut from 75 to 35 members.

Jim reported panel size is determined by case filing and the CJA needs to have a group of people ready to step in.

Jim reported the Sioux City, CJA would have a separate proposal and they plan to release one in Davenport due to aging panel members.

Jim asked the committee for suggestions on reaching out to potential members through bar groups, associations, younger attorneys and federal defenders.

Jeana Goosmann felt people may be hesitant to join because they don't have access to training.

Judge Williams offered to introduce Jim to the Linn County Bar Association. Tim Hill announced he is a member of the Eastern Iowa Inn of Court and the last meeting of the season is May 9. Tim will not be able to attend this meeting but the CJA could give a presentation. Judge Williams said he is also a member of the Inn and he could be in attendance on May 9. Judge Williams additionally offered to connect Jim Whelan with the young lawyers' section of the ISBA and the State Public Defenders office in Waterloo where he knows a former intern, Kimberly DePalma.

Jeana added she could put Jim in contact with Drake Director of Career Development, Jennifer Zwagerman. Drake is holding a summit on May 3, to work with younger attorneys; there is potential to make an announcement on the CJA training panel. Jeana additionally mentioned connecting Jim with the president of the Young Lawyer Division Council that meets every quarter. Another opportunity is posting an announcement on a Facebook group called Moms Who Happen to Be Lawyers.

Fran Haas said she is involved with two groups of bar associations that promote diversity and she is chair of the task force. There is also a Diversity and Inclusion Committee that would be a good resource. Fran offered to put Jim in touch with this group.

Jeana asked how potential members can apply. Jim said there is an application form on the website and the panel considers the applications at their yearly meeting. Training can be made assessable to everyone.

Rob asked if there was an application yet. Jim said it is being developed.

4. Feedback on new NDIA website

Stu Cochrane commented the updates are fabulous and the website is very user friendly and easy to use.

Tim mentioned there used to be a way to access the judge's clerks and staff contact information and he could no longer find that information on the website. Paul DeYoung was able to locate the clerk and staff information by clicking on a judge, then preferences.

Jeana suggested being able to click on the actual judge and having the staff information there. Rob offered to take this suggestion to chambers today.

5. Membership

Rob mentioned there are two additional members added.

6. CLE

Fran and Tim agreed to subcommittee. Tim reported that he had a discussion with Fran yesterday and there is some concern about the new local rules getting rid of CLE requirements. The committee has felt the impact of this already through decreased attendance at CLE events. These CLEs are a great way to learn judges' views and a great way to network. Tim mentioned he is a member of the Northern District Historical Society and they are in the process of putting together a book, maybe the committee could collaborate.

Judge Williams mentioned one of the history book chapters concerning civil practice of the Northern District of Iowa comparing civil court in the 1800's to practices of today, and trials in civil court cases then versus now. Judge Williams presented the question of how to provide young attorneys with training on trying a case when not many go to court today, and the difference in arguing to judges instead of juries. Judge Williams suggested a discussion on how things have changed over time and how cases are litigated in federal court today.

Judge Mahoney said it is beneficial to hold CLEs in the Federal courthouse to see the courtroom and courthouse and to have the opportunity to network.

Judge Williams suggested getting Judge Strand's input on Sioux City. Tim said he would work with Fran and Judge Williams before the next CLE meeting and put together a proposal.

Jeana asked if it would be appropriate to set a date for September for the CLE. There are overwhelming comments to hear the judges speak and that is the reason these trainings are so successful. Judge Williams agreed September would be a good time for a meeting and provide enough time to put an outline together.

7. POWER Act

Rob mentioned Judge Bremner has taken care of the events for 2019. Meg Norris of Iowa Legal Aid is scheduled for a presentation at the Iowa State Bar Association on June 12. Year 2020 events will be the responsibility of the NDIA and the Federal Practice Committee. Judge Bremner may be able to secure a permanent spot for this presentation every summer as a co-sponsor with Iowa Southern.

Jeana also asked members to consider the possibilities of a CLE coordinated with a county bar, such as the Linn County Bar Association or the Woodbury County Bar Association.

Jeana led a discussion on how to market the new magistrate consent program. The committee agreed that the best strategy would be word of mouth and the passage of time. Mark Roberts mentioned that Judge Williams and Judge Bremer did an excellent job of highlighting the consent program at a recent CLE event. Jeana said that having the judges speak gives lawyers a sense of the judge's disposition. It was suggested that Mark Roberts continue the public education effort when he comes on board as a magistrate judge. Mark indicated that attorneys who have not worked

together can be less likely to consent, and the request for consent comes very early. Mark suggested that consents would be encouraged at the scheduling conference as well.

Fran highlighted upcoming CLE events including Fall Fundamentals on October 4, 2018 and the Federal Practice Seminar on December 14, 2018.

Rob Phelps mentioned three ideas to consider for the next meeting agenda. The first idea is to discuss opportunities that will allow experienced attorneys to reach out to new attorneys. The second idea is to discuss marketing ideas that will encourage people to utilize the new administrative order on direct assignments of civil cases to magistrate judges. Judge Williams said he will bring up the new administrative order at the ISBA meeting in June. The third idea is to find ways to get less experienced (i.e. younger) attorneys interested in becoming a part of the CJA panel within the next two to five years. Judge Williams offered to contact Mike Lahammer to present on the CJA panel at a potential CLE event. Fran suggested contacting the County Bar Associations to reach more attorneys. Jeana Goosmann reminded the committee that the Eighth Circuit Judicial Conference would be held in Des Moines Iowa in 2018. Robert Phelps stated he has spoken with John Courter and offered assistance with anything they would need. At this time, they have not done a lot to prepare for this conference. Mark Roberts said Judge Reade appointed him to attend the planning committee meeting for last conference, but he was unable to attend at that time. Robert Phelps said he would talk to Chief Judge Strand to see if he has discussed the 2018 conference with Chief Judge Jarvey and inquire about appointing someone from the Northern District of Iowa Federal Practice Committee.

4. Committee Membership

Mark Roberts shared a chart with current committee member's terms and a suggested division so that approximately 1/3 of the members would retire from the committee every year. Everyone was in agreeance they are happy to stay on as long as needed to help the committee and any suggested rotation schedule will be fine. It was also noted the committee is in need of two more members to make the rotation smooth. Robert Phelps suggested members could send him a list of names you have in mind that would make good candidates for potential membership on the committee. Robert Phelps will also talk to Chief Judge Strand to see if judge has any names, and share any suggestions with the court. Once the list is compiled, we can collaborate again at the next meeting and propose those names as well as the chart to Chief Judge Strand for approval.
